

Vote for Incumbent

Frank Burkeen

Lake Chinook Fire Board

Frank Burkeen retired in 2018 and has been a resident of Rim Park for the past 3 years, serving on Lake Chinook Fire and Rescue's Board of Directors for the past year (as Art Dorsey's replacement).

During his residence Frank has actively supported Lake Chinook Fire and Rescue through volunteer work maintaining the vehicles including the fire trucks, water trucks, bulldozer, Bobcat, and ambulance. He also maintains the Station's generators and painted the new helicopter pad last summer.

Before retiring from 20+ years of leadership positions in the Semiconductor Manufacturing Equipment market, Frank earned a BS in Chemical Engineering, an MBA, served in the US Navy as a Nuclear Submarine Officer, and worked as a Power Production Engineer for the public utility. He has served on several Company and Volunteer Board's along the way, but the role on the LCFR BoD is the first exposure to Public Governance. Frank has enjoyed learning the ropes and, through the mandatory training, has come to appreciate the gravity of such a role and it's importance to making sure our Community is protected.

Frank has taken on a mission of better communication and connection between LCFR and the Community it serves. Through the past year on the LCFR BoD, he has established a connection on the 3Rivers Landowners Association BoD and attends their regularly scheduled meetings when possible. The goal of this focus on the Community and 3Rivers specifically is to improve the transparency and collaboration level between LCFR and the people we serve.

In his spare time, Frank enjoys snow skiing, high performance driving (on a race track), motorcycling, boating, and spending time in the beautiful area we all enjoy and hope to preserve. He lives here with his "better half" Diane and their two rescue mutts Sasha and Stella.
